## Polo Player for a Day

*Are you looking for a truly unique and memorable way to entertain colleagues or clients? Then polo is a great option! At Copenhagen Polo Club YOU can be the player for a day - even without any riding experience. And, we can put on an action-packed polo show as a stylish back drop to add a premium element and atmosphere to your event.*

Our beautiful location, a private estate on the north coast of Copenhagen, is the perfect setting for a true Country Club experience. For all types of events, all year round.

### POLO TEAMBUILDING

Thanks to the calm and well-mannered polo ponies, ANYONE can actually play this historical game on horseback! Polo Teambuilding does not require riding experience in any way. Our team and specially trained horses ensure a safe, fun and memorable day for everyone.

We organise events all year round for small groups of 4-6, up to larger groups of 30+ participants. Indoor or outdoor, weather permitting. Teambuilding can be combined with anything from polo show game, catering and cocktails to coaching, leadership training and profile analysis. Hundreds of satisfied guests from companies such as Boston Consulting Group, Novo Nordisk, Saxo Bank and TDC have experienced polo teambuilding with great success.

“Thanks for an incredibly well-executed and memorable staff event at Copenhagen Polo Club,”  
K. Hafström, CEO
